A quiet police investigation, coupled with youthful confessions, brought to light yesterday some of the circumstances under which acts of hoodlumism were perpetrated on householers Halloween night. At police headquarters a number of youngsters were mustered to tell what they knew about certain depredations and the old saying that confession is good for the soul seemed to work well with the young people, for some of them, after telling their stories, assured the police that they could go home and sleep soundly after many restive nights. The authorities are convinced that the boys were not wantonly destructive, although it is possible that some of the mischief makers may be asked to settle.

Miss Eileen Parks was pleasantly surprised at her home on King street last evening when about 30 of her lady friends gathered there, the occasion being in the nature of a miscellaneous shower in honor of her approaching marriage to Raymond Martin, a former resident of Barre, and who is at present residing in Kirkville, Mo. The house was tastefully decorated in a manner appropriate to the occasion, the color scheme of pink and blue being used throughout the decorations. During the evening refreshments of ice cream and cake were served. An impromptu program of musical selections and the playing of several games provided entertainment. Miss Parks was made the recipient of numerous gifts as tokens of her friends' esteem, for which she responded in a most fitting manner.

A very enjoyable reception was held in the Spaulding chapel last evening by the sophomore and freshman classes, there being about 150 members of the two classes present. An excellent program, consisting of a violin solo by Lawrence Gauthier, vocal solo by Miss Lillian Papin and Dorothy Shaw and by Clement McMahon and a reading by Miss Helen Roscoe, was the chief attraction of the evening and each number was heartily applauded by the listeners. During the evening refreshments of punch and wafers were served by the Misses Eva Shaw and Doris Carroll and by Ralph Patch and Lewis O'Leary, while dancing was enjoyed by the students as well as by the members of the faculty, a number of whom were present at the reception. The committee in charge of the arrangements was composed of the Misses Catherine Brown and Beatrice Papin and James McHardy and William Clark.

Yesterday was a day of trial for public utilities in these environs and most of the lines who worked overtime in repairing telephone wires and power lines laid all their troubles to the heavy fall of wet snow. Dawn found the service crews of the New England Telephone Co. with their work laid out for them at North Barre, where a pole which fell under the excessive weight of snow and wires lay across the tracks of the traction company. The first car on the scene bumped into the pole, but little damage resulted. Investigating linemen discovered that the pole, in falling, lifted from its bed in the river a huge stone to which had been attached one end of a guy rope. The break in the service was repaired during the day, but elsewhere in the country repairs were not completed until today. To-day the M. & B. L. & P. Co. continued efforts to restore its service to normal. Last night lights blinked and then went out in many stores, offices and homes, but the service here in Barre was not long impaired.

Unusual Suit Values In Our Thanksgiving Week Display

Thanksgiving is almost here with the perplexing question of what the suit will be for the holiday use. We are making some unusual offerings in this clean-up sale of suits. We have about forty suits in the leading colors of the season, and are the season's best values, many of them the Printz-Beiderman and Wooltex makes. This means suits of all wool materials, smart-something that the well-dressed women in the metropolitan cities are wearing. Correct in the matter of tailoring, cut with useful swing, the "youth" quality that is essential to-day. They are authentic in style, remarkable for their fine quality of workmanship; and youthful above all. These beautiful suits at one-half the original price in this sale.

The Season's Suit Values

This is an opportunity for you to buy a good Suit, made from materials that will be hard to duplicate in the seasons to come. These are Suits we were able to pick up at sale prices, together with some unusual values we had in stock. These, in all the plain colors and Mixtures, we are offering in this sale at one-half the original price. The materials alone would cost much more, and then it will be a long time before you will duplicate these materials. This means you can buy a fine All-Wool Fine Permanent-Finished Broadcloth Suit, in the season's best styles and values that sold at \$40.00, at the price of a common Suit, only \$20.00.

There are a few Sample Suits in the season's best materials that sold at \$37.50 and \$35.00, in this sale at \$18.75 and \$17.50. You would pay more than this for the cloth alone, to say nothing about the linings and making. These Suits are not a light-weight Suit, but a good weight all-wool material and many of them are interlined with a good quality flannel interlining that adds much to the warmth and fit of the garment.

There are a few Suits in this lot that sold at \$25.00 and are very good values at that price. In this sale at only \$12.50 each. Do not delay if in need of a Suit, but make your selection while your size is here.

TALK OF THE TOWN

Carl Walbridge of Malone, N. Y., who has been renewing acquaintances in Barre, has gone to Graniteville for a few days. Mr. Walbridge was called here by the illness of his sister-in-law, Mrs. Joseph Pierce, of Graniteville, who recently submitted to an operation at the Barre City hospital.

Now that proceedings looking toward a receivership for the Barre & Montpelier Traction & Power Co. have been dropped, speculation is once more rife over the possibility of a special city meeting in which citizens of Barre may have an opportunity to accept or reject the franchise adopted by the city council some weeks ago. All along several of those who are interested in traction affairs and the franchise have refused to be perturbed by the much-heralded receivership proceedings, and others have noted that the movement on the part of the company officials to secure an extension of the bonds apparently has gone quietly along. H. T. Sands of Boston, vice-president of the traction company, was in the city this week.

Another flurry in sugar took place yesterday afternoon, when a local grocer, upon receipt of a barrel, doled it out to a large number of purchasers. The grocer kept the price within bounds and adhered to a policy that enabled each purchaser to obtain two pounds as long as the supply lasted. A column reaching from the sugar barrel to the street stood by while an augmented force of clerks handled the packages. It was the first sugar sale in nearly a week and long before the last person applied for sugar the supply had become exhausted.
